* We have attempted to make this index as complete and simple as possible. To this end the letter (a) in parenthesis after an article indicates that its length is over three pages, and the letter (b) indicates that the length is between one and three pages. Items not designated are less than a page in length. *Italicized* words in brackets refer to the same or kindred subjects in the index. We have this year omitted the sub-departments of ORGANIZATIONS and FINANCE, and have put these under heads of various societies and fields. Death notices come under the head of NECROLOGY, and BOOK REVIEWS are grouped together under one head.
